WORK EXPERIENCE

Full Stack Web Developer

January 2024 – July 2025

Flaxem System Enterprises Limited - Kampala, Uganda

- Developed and maintained client web applications using **PHP, HTML, CSS, and JavaScript**, delivering functional and responsive solutions.
- Resolved production issues, including a **critical application bug for Centenary Bank**, improving system stability and reliability.
- Implemented **API integrations** and performed **database operations** to support dynamic application features.
- Collaborated with team members to troubleshoot issues and enhance application performance across front-end and back-end components.

Full Stack Developer/Programmer

October 2020 – September 2023

NICE (National Insurance Corporation of Eritrea) - Asmara, Eritrea

- Designed, developed, and maintained **web and desktop applications**, supporting internal and organizational systems.
- Built and tested **internet and intranet applications**, ensuring smooth deployment and reliable operation.
- Debugged, optimized, and refactored existing systems to improve performance and maintainability.
- Performed **security checks** on IT systems to identify risks and support data protection.

- Worked with cross-functional teams to address **network design and system integration challenges**.
- Consulted with stakeholders to assess technical requirements and deliver appropriate **web and intranet solutions**.

VOLUNTEER EXPERIENCE

Volunteer Translator

September 2025 – Present

Immigrant Center – Winnipeg, Manitoba

- Meeting and helping newcomers to ensure they understand various resources and policies.
